COME AND ADD YOUR TRACKS TO THE WINTER WILDERNESS

...as we travel by ski and snowshoe
through the forest and over frozen lakes,
carrying our gear in packs and on toboggans...

...to our winter camp, a canvas tent with a crackling woodstove and a balsam fir floor. Each day, we will cut and split firewood to warm our tent and cook our meals, and chisel a hole in the ice to collect water.

Adventures by day will include snow shelter making, exploring the woods by snowshoe, and skiing over the beaver flowages. We will bake biscuits over the fire, drink hot chocolate to warm our toes, carve our own spoons, and play boot-hockey on the ice.

At night, the stars and the moon will illuminate the scene of a winter paradise with ice crackling in the cold and snow blanketing the trees. There will be stories, songs and great conversations in our candlelit canvas wall tent.
