

Dear Owen J Roberts School District Families,

Parents of each KWS school student requesting transportation services from OJRSD will be required to complete their [Act 372 form](#) due July 1. This enables the school district to provide a transportation network routing system based on those who actually utilize the service versus everyone attending your facility that resides in the Owen J. Roberts School District.

If there are any changes to your address or busing plans throughout the schoolyear, please submit a new form and also let the KWS Office know.

Please note that when Owen J. Roberts School District is closed or delayed due to inclement weather, transportation will be provided in accordance to the decision made by the Owen J. Roberts School District's Superintendent. This decision applies to all Schools, Public and Non Public, for which OJRSD provides transportation services.

-KWS Office
